

## Community Assignment

Upload a photo of your work in its actual drop off location. The photo should show the zine placed in a clear location.

Consider:

1. What is your zine's message?
2. How do the aesthetics of your zine promote your message?
3. Why is this audience targeted for your message?
4. Why is this public location ideal for reaching your intended audience?

Where could you put your zine??

In a spa!

In a mall!

In a doctor's office!

In an elevator!

In a school bus!

In a letterpress studio!

In a cafe!

In a grocery store!

In your friend's living room!

In a museum!

**It's up to you... where are the people you are trying to reach??**
